Photographic Release

Occasionally we photograph or videotape classes for promotional purposes. Do we have your permission to use photographs of your family in our promotional materials, provided that any identifying information, such as names, remain anonymous? Yes _____ No _____

Policies and Details

Payment & Registration: Enrollment requires both a completed registration form and payment received by ABC Spanish in Motion. Payment may be made online at www.ABCSpanishInMotion.com, at the center or by mailing a check (payable to ABC Spanish In Motion) to our address below. If for any reason you need to register on the first day of class please notify us by calling (617) 676-7680, but the space is not guaranteed until payment is received in full. The session will open only with a minimum level of enrollment.

Refunds & class Cancellation: If a session is cancelled due to low enrollment, a full refund will be issued. A partial refund less a \$75 enrollment fee may be issued only if written notice is given before the session starts. There will be no refunds once the session begins. Missed classes will not be refunded.

Medical permission: I understand that by signing this document, and the event of a medical emergency, I hereby give ABC Spanish In Motion permission to administer basic first aid and CPR, and enlist the aid of Emergency Medical Technicians (EMTs/Ambulance) who may transport my child(ren) to a hospital to receive treatment deemed necessary by medical staff.

Arrival: ABC is not responsible for children prior to arrival or after departure from the Spanish Summer Camp.

Departure: I understand I will notify ABC Spanish In Motion staff of any changes related to my child(ren)'s release. I understand ABC Spanish In Motion will not release my child(ren) to another person without my consent. There is a fee for late pick up.

I _____ agree to release from any and all liability ABC Spanish in Motion, its agents and employees for any and all personal injury and property loss or damage occasioned by, or in connection with any activity of this program.

Week 1: Take to the Sea! / ¡Vamos al Mar! (July 2-3, 5-6)

This week is a 4-day week due to the Wednesday, July 4 holiday.

Children will be exposed to native foods, music, animals and beautiful seaside sites of the Spanish-speaking world. We'll travel to the Caribbean, the Galapagos and Patagonia to contrast the inhabitants of these varied climates. As pirates we'll explore the Atlantic and Pacific oceans and learn about Lonesome George, Sally Lightfoot Crabs, penguins, dolphins, orcas, marine Iguanas, and seals in their habitats. Students will learn to locate some of these animals' countries on the globe. Children will make their own marine masterpieces, with recycled materials (as much as possible) to help children learn to preserve nature. Children will return home singing songs written to honor the marine environments and animals of the Americas.

Week 2: Little Chefs / Pequeños Cocineros (July 9-13)

Children will delight wonderful dishes from the Americas. The target vocabulary will be table and kitchen words. Table manners will be taught. Children will discover new science, math, health, social skills and cultural awareness through our hands-on cooking of Central and South American cuisine. We'll make guacamole, arepas, quesadillas and the sweet and yummy Cuban rice pudding (arroz con leche). Children will measure, squeeze, and mix ingredients while singing traditional songs from Latin-America. Students will also plant various legumes to better understand the process of nature. We will count them and emphasize their diversity through differentiating colors and shapes.

Week 3: Let's Go Camping! / ¡Vamos a Acampar! (July 16-20)

Summer Camp Week 3 July 16-20 Newton

This week's "Campers" (students) will create an outdoor scene, converting the classroom into an artful space full of mountains, rivers, lakes, forests and beaches. Students will read and sing inside a unique tent they will design with recycled materials, helping to instill environmental sensitivity and a desire to conserve. We will be camping in magical places in the Caribbean, Guatemala, The Amazon and in the beautiful Andean regions of South America. We'll study the diverse fauna we will encounter through our camping trip (including a surprise visit of real 'wild' animals brought to us by Curious Creatures. Children act out camping activities as well as creating items for outdoor use such as kites and fishing rods.

Week 4: Carnival, Circus, and Fiesta! / ¡Carnaval, Circo, y Fiesta! (July 23-27)

This week dancers, musicians and magicians will visit in full costume to teach, sing and dance in a Carnival parade! Children will explore various vibrant rhythms from the Americas. There will be an instrument 'petting zoo', where children will be able to handle and play percussion instruments. We'll also build our own instruments from recycled materials, and at the end of the week we'll put on a show! We will celebrate Carnival and the magical life of a circus. Children are welcome arrive dressed for the occasion. We'll explore the life of magicians, trapeze artists, ballerinas, and animals of the circus.

Week 5: On the Farm / En la Granja (July 31 - Aug 4)

Children will enjoy learning the Spanish names of farm animals as we turn our classroom into a farm!

Students will work together like bees (abejas) as we build a barn, stables, and a home for each animal. Through song, role-play, and Total Physical Response (TPR) storytelling, students will learn about each animal, its needs, and why it has a place on the farm (provides milk, eggs, wool, etc.). We'll examine the different animals found on different farms through the Americas and the Spanish-speaking world. To make the learning first-hand, a live 'petting zoo' will be brought to the class with fluffy and cuddly animals for children to observe and touch.

Week 6: When I Grow Up / Cuando Sea Grande (August 7-11)

This week children will ask the question "What do I want to be when I grow up?" Children will build, explore and contrast different sceneries to explore professions. For what they will go on a trip and meet with campesinos and natives of the Americas to more urban professions we encounter every day. Children will build, explore and contrast different sceneries depicting these professions. We will build a community of helping professionals seen in today's multi-cultural neighborhoods. Children will learn that a community can be small, with only a few buildings and residents, or large, modern cities. Students in our recreated community will help each other by offering goods and services. We'll learn the importance of being bilingual in a multi-cultural community, and will learn how to bridge cultures and differences when we are bilingual. During the week, the class will be visited by individuals of various professions to show how each is helping his and her communities every day.

Week 7: Protecting the Planet / Protejamos a la Naturaleza (August 14-18)

This week extra-terrestrials will visit and take the class on a tour through the solar system. Friendly space aliens and children will blast off in a spaceship to learn about planets and the cosmos. The aliens don't quite understand the concept of conservation and will try to make our planet dirty, but the children will teach them about earth and nature. During their time together, astronauts and children will take the extra-terrestrials on an expedition through the Americas to show them amazing foods, scenes and habitats from tropical islands, wide plains, rainforest jungles, and to the Andes mountains. The humans and aliens will work together to protect endangered species. Children will teach the other-worldly visitors the names of many American nations and learn ways to live on the Earth sustainably. By the end of the week-long visit, the extraterrestrials will depart, leaving a green and healthy planet.

Week 8: Changing Seasons, Changing Colors / El Cambio de Estaciones, El Cambio de los Colores (August 20-24)

Children will explore the changing seasons of the year as well as animals found throughout the varying climates found in the Americas. Children will learn how seasons differ throughout the American continents. Patagonia, for instance, shivers with winter in July while enjoying summer in January. We'll also explore seasons and climates in the Caribbean, Amazon and Andean regions. We'll become familiar with the diverse animals of varying habitats through the Americas and the Spanish-speaking world. While exploring each region's seasons, students will craft thematic items, including iconic seasonal images such as scarecrows and snowmen!
